

In 1999 Aviastar-TU entered the cargo market with reliable aircraft

We help our clients to make more of their business!

**over 23 years**  
Russian cargo market leaders

**Boeing-757F, Tu-204C**  
Reliable aircraft

**over 500 employees**  
Top class experts

**high confidence**  
Russian Post and CDEK  
long-term partner

**over 55 000 tons**  
Annual cargo volume

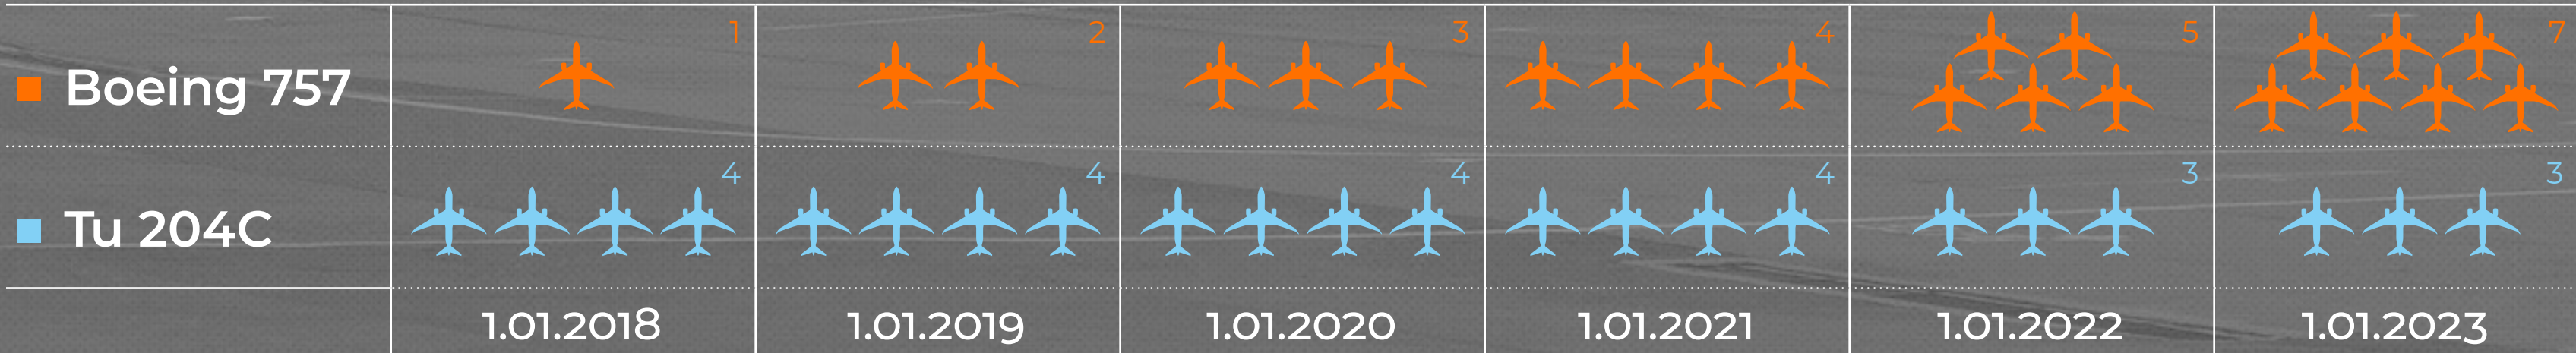

**90% of customers**  
Regular partners

**over 7 000 flights**  
Annually

We're actively developing in accordance with the market needs and our key customers, meeting their expectations and service needs. We expand our fleet by working on its quantity, capacity and capabilities

# Our capabilities

Openly serving worldwide  
we deliver different types  
of cargo including:

Mail | AVI cargo | Military cargo | Dangerous goods | Material values | Pharmaceuticals | Oversized cargo

# Our capabilities

# Setting new horizons

We develop business relations with both existing customers and partners and the new projects as well.

Due to the CDEK Express Delivery and Aviastar-TU cooperation one of our Boeing 757-200 cargo aircraft received the appropriate livery

# Route network

Since 1999 Aviastar-Tu has been expanding its network to meet the needs of its customers worldwide

Tu-204-100

**4 020 km**

maximum payload

**6 820 km**

maximum fuel supply

Boeing-757F

**7 250 km**

maximum fuel supply

**4 500 km**

maximum payload

# Our customers

Our clients  
and partners  
are people  
whose opinions  
and wishes will  
always be taken  
into account

We are looking for  
a long term cooperation
